

## Medio

Medio is a modern M-size terrace slab. The combination of simplicity of shape, reduced dimensions and interesting color combination is a recipe for achieving an unusual effect. On your terrace, driveway, sidewalk and path — both modern ones and those maintained in a more traditional style.

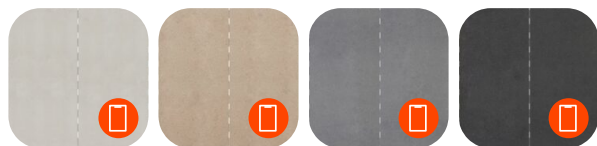

### The slab is distinguished by:

- **appearance:** despite the reduced size, it visually corresponds to large-format panels,
- **easier laying** – compressed size means a weight reduction
- **almost uniform plane** – thanks to the microphase, the grout drawing is moderately visible.
